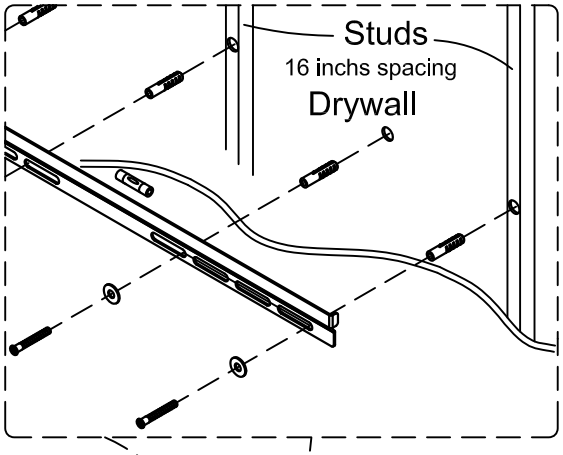
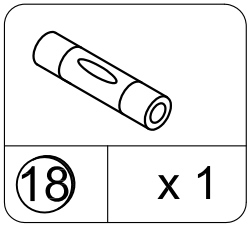
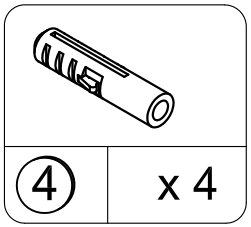
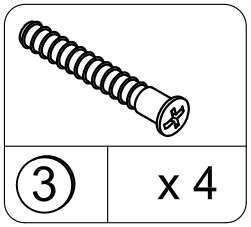
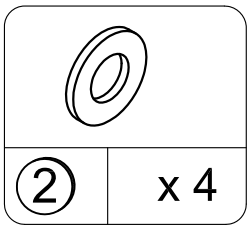
1-1

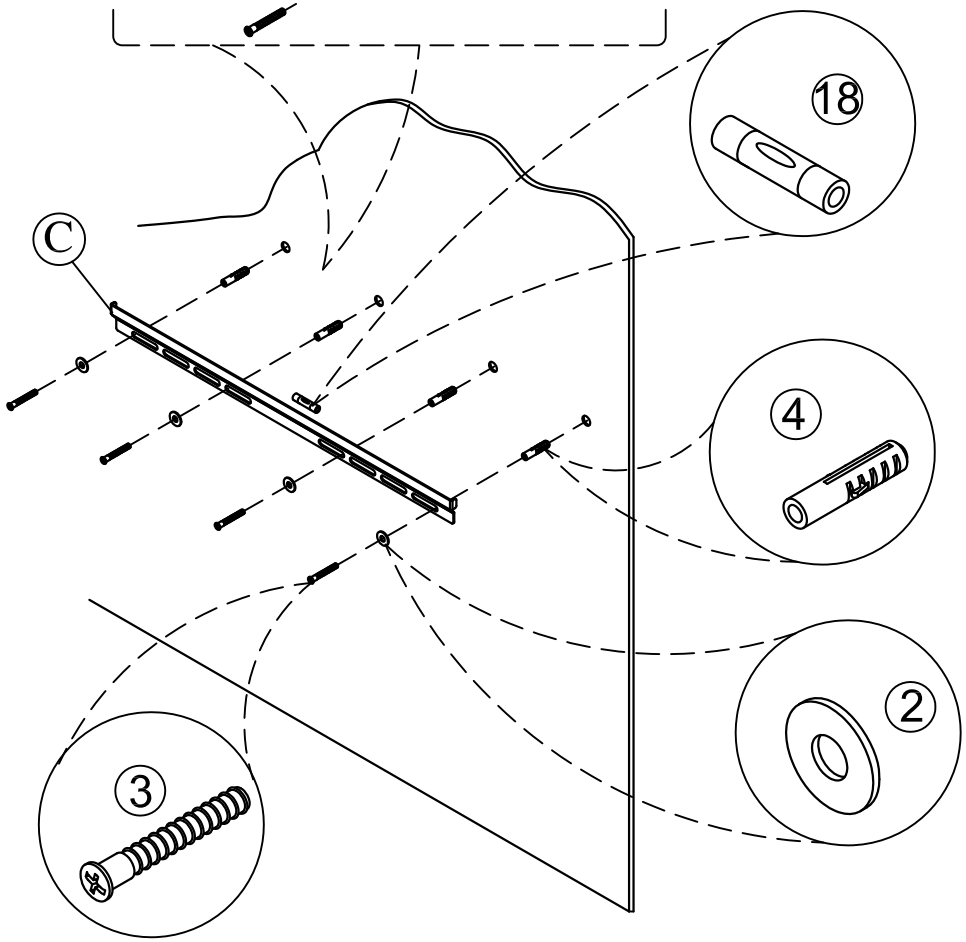












Attach assembled frame to wall as shown.

IMPORTANT

This unit is designed to be securely attached to a wall or a fixed structure. Failure to do, so might result in personal injury and/or property damages.

For Drywalls with Wood Studs

· Use a stud finder to locate and mark the location of studs in your wall. We recommend using a stud finder that can locate the center of each stud. Verify the stud location by driving a thin nail into the wall.

· If your stud finder cannot locate the center of the stud, then you will need to figure out the stud location manually by tapping a thin nail at 1/2 inch intervals into the wall.

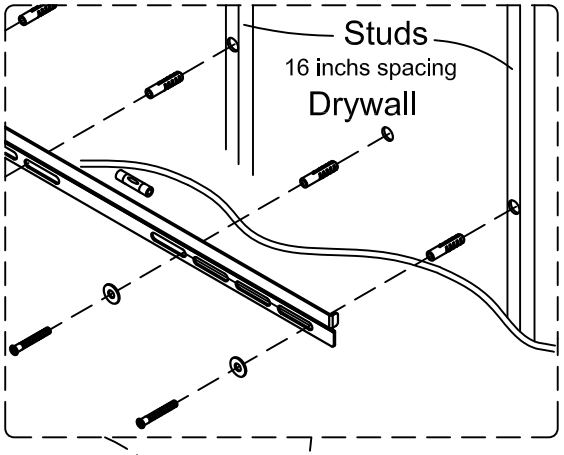
· Use (3) screws, supplied with this product, to attach the unit to the studs.

· Make sure all screws are fully attached to the wall and the unit is secured.

For Masonry, Concrete, or other Walls and Structures

· Consult your local hardware store for appropriate anchors to securely attach this unit.

1-2



Ate el marco ensamblado a la pared como se muestra.

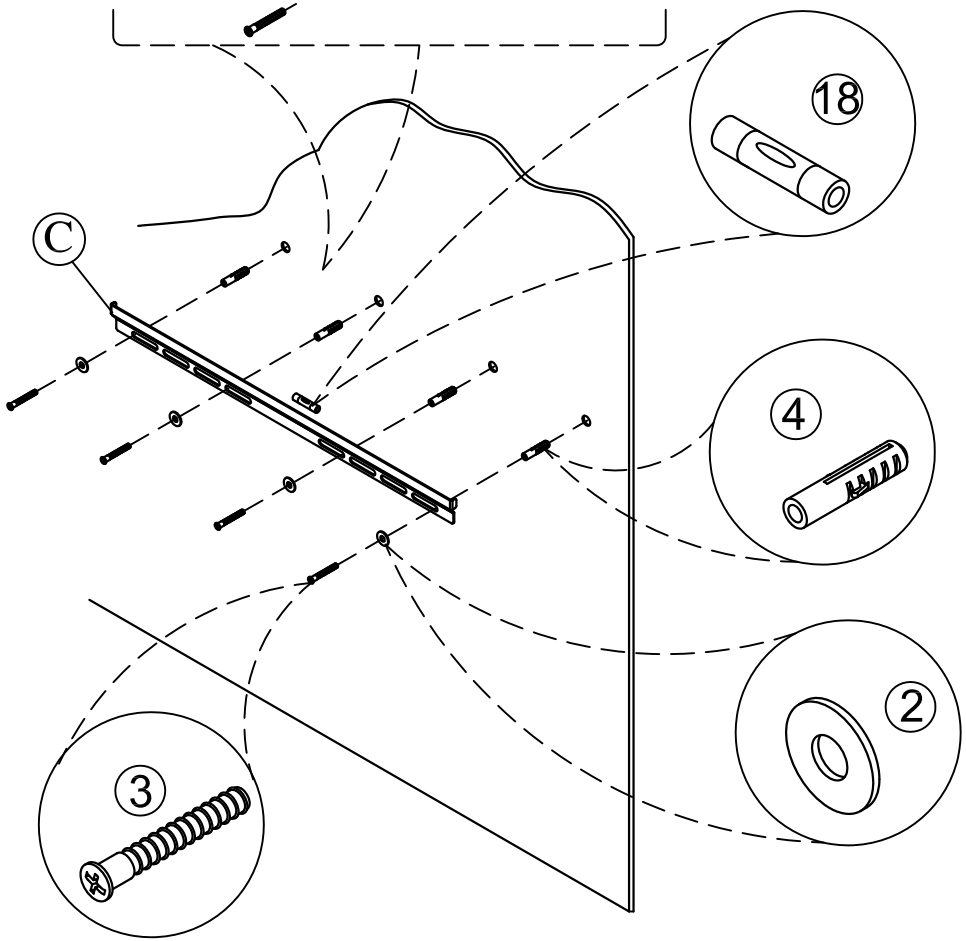
② x 4



IMPORTANTE

Esta unidad es diseñada para sujetar firmemente a una pared o una estructura fija. No hacerlo, puede generar la lesión personal y/o el daño del producto.

Para tabiquería seca con vigas de madera

· Usa un detector de viga para localizar y marcar las vigas en la pared. Le recomendamos que utilice un detector de viga que puede decirle dónde está el centro de la viga. Verifiquelo por clavar un tornillo fino en la pared.

· Si el detector de viga no puede decirle dónde está el centro de la viga, tendrá que averiguarlo a mano por clavar un tornillo fino en la pared en intervalo de ¼ pulgada.

· Usa los tornillos (3), suministrados con este producto, para fijar la unidad a las vigas.

·Asegurese de que todos los tornillos están bien sentados a la pared y la unidad está fijada.

Para mampostería, concreto o otras paredes y estructuras

· Cconsulte a su ferretería local para anclajes apropiados para sujetar esta unidad firmemente.

2 -1

It is very important to use correct bolts in attaching the back side of TV to upright rails ("F" Support Frame). We strongly recommend taking measures to prevent the TV from toppling over. Unsecured TV may topple and result in property damage, serious bodily injury or even death.

Be sure to use the bolts supplied with the TV when attaching upright rails to the TV set. If bolts are not provided, please follow the following steps:

1. Please read Operating Instruction or Owner's Manual of your TV to determine the type and size of bolts. If you cannot find it, Please call your TV manufacturer for this information.

2. Altra Furniture has enclosed assortment of bolts, washers, and spacers in plastic bags that should work with most of TV sets. If you are unable to find correct bolts, please consult your local hardware store.

3. Be sure to use correct bolts (specified by the manufacturer) to attach your TV set to upright rails (vertical bars) as shown in the diagram.

Note: Nylon spacers should be used if your TV set has recessed holes or an obstruction on the back that prevents it from sitting flush against the rails.

ALTO STOP ARRÊT

Es muy importante usar los tornillos correctos para atar la parte posterior de la TV a los rieles verticales (Marco de Soporte en "F"). Es muy recomendable tomar medidas para evitar la caída inesperada de la TV. La Televisíon sin garantía puede caerse y resultar daños materiales, lesiones graves o incluso la muerte.

Asegúrese de utilizar los tornillos suministrados con la TV al atar los rieles verticales a la TV. Si los tornillos no es incluidos, siga los siguientes pasos:

1. Por favor, lea el Manual de Instrucciones o el Manual de Compra de su TV para determinar el tipo y tamaño de tornillos necesarios. Si usted no puede encontrarlo, por favor llame al fabricante del TV para esta información.

2. Altra Furniture ha incluido en las bolsas plásticas gran variedad de tornillos, arandelas y espaciadores para montar la mayoría de las TVs. Si usted no puede encontrar los tornillos correctos, por favor consulte la ferretería local.

3. Asegúrese de usar tornillos correctos (especificado por el fabricante) para conectar la televisión a los rieles verticales (barras verticales) como se muestra en el diagrama.

Note: Les cales d'espacement en nylon doivent être utilisées si votre téléviseur a des trous encastrés ou une obstruction au dos qui l'empêche de reposer à plat contre les rails.
